

How to donate your Harvest to Hope

The Hope Centre offers food to people in need, including Homeless people, six days a week, all year round, including Christmas Day. Any food you donate to Hope is used to feed people who are desperate for your help. We have been doing this for 45 years

If you want to donate to Hope this year, please read this guide that makes it easy to give and for your donations to reach us where they are needed most quickly.

Please look at the list of those items most useful to us. We welcome everything we receive and are grateful for whatever is brought in, but we most of all need:
Tinned meat and fish; coffee; tea; sugar, toilet roll; tinned soup and veg; rice and noodles; tinned fruit; jam

If possible we ask you to bring your donations to us, but if this is a problem, ring us and we will come and collect. To discuss a delivery or collection, ring 01604 214300

Ideally we'd like you to take deliveries to our warehouse at the directions below. Don't just drop in though, as we are out delivering food much of the week! Ring us on 01604 214300 or 07852249678 to arrange your time. We will still take donations directly at the Hope Centre at Oasis House on Campbell St (NN13DS) if you cannot go to the warehouse or don't want a collection. We are open 8.30-4 weekdays, 9-12 Saturdays.

During the period between 14/10 and 25/10 our warehouse will be open more frequently at fixed times to take your donations during these times; and collections can be booked at the times given:

Clothing Donations

Please advise that clothing donations should be taken to the Charity Shop: 59-61 Abington Street, Northampton, NN1 2AW (Old Co-op Bank).

Direction to the warehouse:

It's at Biz Space: Turn into Kingsfield Way, from Gladstone way, Dallington, Northampton, behind the old Oliver Adams factory site. Turn right at the sharp bend in Kingsfield way, then travel another 300m past a road on the left, then look out for loading bays on the left, unit H4/A, just before the entrance to the Biz Space car park at the end of this road on the left and opposite two entrances to another larger warehouse (Sign mentions meat) and a timber yard. Post code: NN57QF

Enter the warehouse corridor through the loading bay; walk straight to the end of the corridor, then turn right. Warehouse at the end of the corridor, clearly signed.

Look out for blue signs at the end of Kingsfield Road.
